## WORK EXPERIENCE

---

**Happay (CRED)** SDE 1 (Frontend) | Bangalore

Oct 2022 - May 2023

- Worked with a team of 5 in maintaining and building the Travel, Cards, and Invoice product.
- Revamped the whole UI of flight search page and achieved improvement in website performance (Lighthouse score -> 75 to 85).
- Co-developed and maintained a library of reusable UI components called widgets which used in all the happay products.
- Collaborated with the design team to create visually appealing interfaces such as the flight search page for the travel product and the onboarding page for the cards product

**Fituzy** ReactJs Developer | Remote (Freelance)

July 2023 - Oct 2023

- Worked in a team of 2 to build a hospital management app in which I majorly worked upon landing page, patients profile page and appointment confirmation page.
- Collaborated with the designer and the backend developer to make a fully functional visually appealing app.
